

LISBON INTERNATIONAL HIP SYMPOSIUM

7th and 8th November 2013

Hospital da Luz auditorium

PROGRAM | Day 7th**08h00** **Opening and registration****08h30** **Welcome and introduction**

Paulo Rego (PT) | Prof. José Roquette (PT) | Isabel Vaz (PT)

08h45 **Rational of hip joint preserving surgery**

Prof. Reinhold Ganz (CH)

Hip morphology and development

Moderators: Paulo Rego (PT) | Oliver Marin (ES)

08h55 **Hip anatomy morphology relevant to joint preserving surgery**

Manuel Ribas (ES)

Hip acetabular vascular supply

Morteza Kalhor (IR)

Hip proximal femur vascular supply

Morteza Kalhor (IR)

Vascular anatomy relevant to surgical hip dislocation

Prof. Reinhold Ganz (CH)

Discussion

Imaging relevant to hip preserving surgery

Moderators: Augusto Gaspar (PT) | Hubert Nötzli (CH)

10h00 **Simple x-ray in FAI and dysplasia**

Hubert Nötzli (CH)

Arthro MRI in FAI

Augusto Gaspar (PT)

Arthro MRI in dysplasia

Vasco Mascarenhas (PT)

Imaging in Perthes and SCFE, can we see early impingement signs?

Vasco Mascarenhas (PT)

Discussion

11h00 **Coffee Break**

Registration values: 300 € (Orthopedics) | 200 € (Residents and other health professionals)
Registration is valid after its effective payment. Given the limited number of places, applications will be accepted in order of arrival.
Send banking check in order of "ADVITA - Association for the Development of New Initiatives for life", or banking transference to:
NIB 0007 0023 0077 0920 003 02, in case of banking transference, you must send confirmation to info@advita.pt.

Registration: <https://www.advita.pt/gesnet/cursos/Lisbon-International-Hip-Symposium>Secretariat: Teresa Moreira Pires • tpires@hospitaldaluz.ptHospital da Luz - Avenida Lusíada, 100 - Lisboa - Tel.: 217 104 400 - www.hospitaldaluz.pt

LISBON INTERNATIONAL HIP SYMPOSIUM

7th and 8th November 2013

Hospital da Luz auditorium

PROGRAM | Day 7th**FAI etiology and patient approach****Moderators:** Pedro Dantas (PT) | Diego Collado (ES)**11h30** Is FAI precursor to osteoarthritis?

Alessandro Massé (IT)

Which patients are best candidates to joint preservation surgery

Pedro Dantas (PT)

Clinical examination of the patient

Oliver Marin (ES)

SCFE as a risk factor to early osteoarthritis

Michael Leunig (CH)

Discussion

Hip arthroscopy to treat FAI (part 1)**Moderators:** Marc Tey (ES) | Oliver Marin (ES)**12h30** Portals anatomy

Pedro Dantas (PT)

Indications and contra-indications to hip arthroscopy

Marc Tey (ES)

Hip arthroscopy without traction

Michael Dienst (DE)

More than five years results with arthroscopy to treat FAI

Luis Pérez Carro (ES)

Discussion

13h30 **Finger Lunch****Hip arthroscopy to treat FAI (part 2)****Moderators:** Paulo Rego (PT) | Michael Dienst (DE)**14h30** Large cam resection, can we do it with arthroscopic surgery?

Paulo Rego (PT)

Pincer type FAI resection - tips and tricks

Michael Dienst (DE)

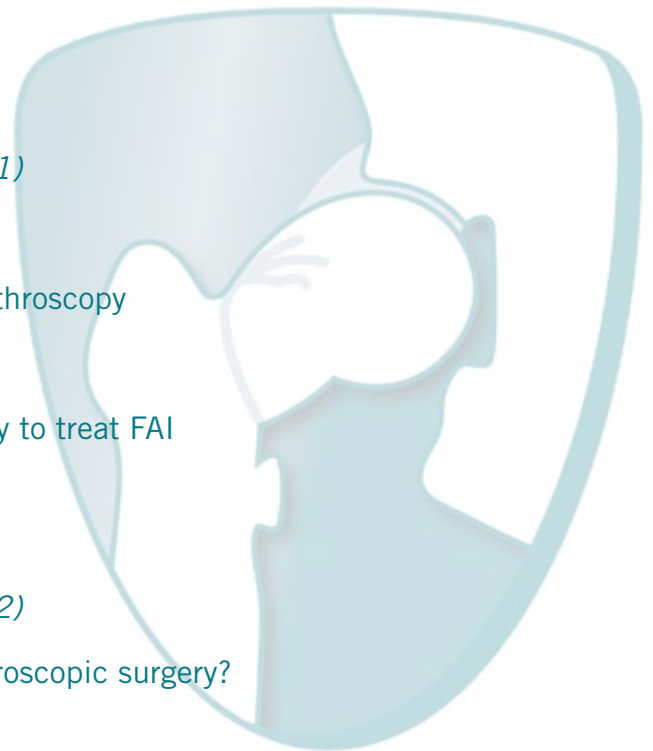

Hip rotator cuff tears

Marc Tey (ES)

Complications of hip arthroscopy

Michael Dienst (DE)

Discussion

Registration values: 300 € (Orthopedics) | 200 € (Residents and other health professionals)
Registration is valid after its effective payment. Given the limited number of places, applications will be accepted in order of arrival.
Send banking check in order of "ADVITA - Association for the Development of New Initiatives for life", or banking transference to:
NIB 0007 0023 0077 0920 003 02, in case of banking transference, you must send confirmation to info@advita.pt.

LISBON INTERNATIONAL HIP SYMPOSIUM

7th and 8th November 2013

Hospital da Luz auditorium

PROGRAM | Day 7th**Surgical dislocation to treat FAI (part 1)****Moderators:** Michael Leunig (CH) | Oliver Marin (ES)**15h30** Surgical dislocation technique a precise and safe procedure
Diego Collado (ES)Surgical dislocation / relative neck lengthening a versatile approach
Michael Leunig (CH)Indications to surgical hip dislocation
Alessandro Massé (IT)Atypical cam impingement, inferior, posterior and lateral resection
Hubert Nötzli (CH)

Discussion

16h30 **Coffee Break****Surgical dislocation to treat FAI (part 2)****Moderators:** Paulo Rego (PT) | Alessandro Massé (IT)**17h00** Pincer type FAI, size of resection and labrum refixation techniques
Paulo Rego (PT)More than five years results whit surgical hip, dislocation to treat FAI
Pedro Pinto (PT)Trochanteric osteotomy tips and tricks
Hubert Nötzli (CH)How to measure outcomes in young adult hip surgery
Oliver Marin (ES)Complications of surgical hip dislocation
Diego Collado (ES)

Discussion

18h00 **End of first day sessions****20h00** **Faculty Dinner**

Registration values: 300 € (Orthopedics) | 200 € (Residents and other health professionals)
Registration is valid after its effective payment. Given the limited number of places, applications will be accepted in order of arrival.
Send banking check in order of "ADVITA - Association for the Development of New Initiatives for life", or banking transference to:

LISBON INTERNATIONAL HIP SYMPOSIUM

7th and 8th November 2013

Hospital da Luz auditorium

PROGRAM | Day 8th

08h30 Live Surgery - Surgical hip dislocation

Diego Collado (PT) | Michael Leunig (CH)

Surgeons: Prof. Reinhold Ganz (CH) | Paulo Rego (PT)

11h30 Coffee Break**12h00 Special Topics (part 1)**

Marc Tey (ES) | Diego Collado (ES)

Sciatic nerve endoscopic release

Luis Pérez Carro (ES)

Condral lesions repair

Marc Tey (ES)

More than five years results with anterior mini open approach to treat FAI

Manuel Ribas (ES)

Peritrochanteric space endoscopic approach

Luis Pérez Carro (ES)

Discussion

13h00 Finger Lunch**14h00 Special Topics (part 2)**

Hubert Nötzli (CH) | Oliver Marin (ES)

Surgical dislocation for complex cases

Michael Leunig (CH)

Indications for sub capital realignment in SCFE

Prof. Reinhold Ganz (CH)

Surgical hip dislocation to treat acetabular fractures

Paulo Rego (PT)

The role of microsurgery in hip preservation

Francisco Soldado (PT)

Discussion

Registration values: 300 € (Orthopedics) | 200 € (Residents and other health professionals)
Registration is valid after its effective payment. Given the limited number of places, applications will be accepted in order of arrival.

LISBON INTERNATIONAL HIP SYMPOSIUM

7th and 8th November 2013

Hospital da Luz auditorium

PROGRAM | Day 8th**15h00 Hip dysplasia (part 1)**

Alessandro Massé (IT) | Paulo Rego (PT)

Hip dysplasia natural history

Alessandro Massé (IT)

History of PAO

Prof. Reinhold Ganz (CH)

Indications to do PAO

Prof. Reinhold Ganz (CH)

Learning curve for PAO

Diego Collado (ES)

Discussion

16h00 Coffee Break**16h30 Hip dysplasia (part 2)**

Oliver Marin (ES) | Pedro Dantas (PT)

Limits for PAO

Paulo Rego (PT)

Proximal femur dysplasia deformities

Diego Collado (ES)

When to address femoral side in dysplasia

Prof. Reinhold Ganz (CH)

Long term results for PAO

Prof. Reinhold Ganz (CH)

Discussion

18h00 Closing remarks**18h10 End of sessions**

Scientific support:

Accredited for 1 "category 3"
credit point ESSR diploma:
