

# COMBINED LISBON MEETING ON HIP REVISION ARTHROPLASTY

1<sup>st</sup> December, 2018 | CUF Descobertas Hospital, Lisbon

08h30 Registration

## 09h00 Welcome

Jorge Mineiro (PT) | Fernando Fonseca (PT) | Pedro Dantas (PT)

## GENERAL

Moderators: Gösta Ullmark (SE) | João Tinoco (PT)

09h10 Hip anatomy relevant in hip arthroplasty revision

Paulo Rego (PT)

09h20 Surgical approaches in revision arthroplasty

Paulo Almeida (PT)

09h30 Evaluation of the painful total hip arthroplasty

Eurico Lisboa (PT)

09h40 Acetabular and femoral bone defect classification

Pedro Rocha (PT)

09h50 Removal of well fixed implants and cement

Roxo Neves (PT)

10h00 Revision of metal on metal arthroplasty and for taper corrosion

Alister Hart (UK)

10h10 Total hip in young patients under 50 years

Gösta Ullmark (SE)

10h20 Discussion

10h40 Coffee break

## ACETABULAR RECONSTRUCTION

Moderators: Roxo Neves (PT) | Pedro Pinto (PT)

11h10 Acetabular reconstruction with augments. Technique and pitfalls

Pedro Dantas (PT)

11h20 Acetabular reconstruction with reinforcement rings. Technique and pitfalls

António Figueiredo (PT)

11h30 Impaction grafting in acetabular reconstruction: technique

Gösta Ullmark (SE)

11h40 Management of pelvic discontinuity

António Seco (PT)

11h50 Hip revision surgery: the ladder of acetabular reconstruction

Alister Hart (UK)

12h10 Discussion

13h00 Lunch

## FEMORAL RECONSTRUCTION

Moderators: Alister Hart (UK) | Dimas de Oliveira (PT)

14h10 Cemented femoral revision

Gösta Ullmark (SE)

14h20 Cementless stems – Monoblock or modular?

João Tinoco (PT)

14h30 Strategies for femoral bone loss in Paprosky type I to IIIA defects

Cruz Melo (PT)

14h40 Strategies for femoral bone loss in Paprosky type IIIB and IV defects

Pedro Dantas (PT)

14h50 Discussion

## COMPLICATIONS

Moderators: José Cordero (SP) | António Mateus (PT)

15h10 Instability

Rui Lemos (PT)

15h20 Trochanteric pain and abductor deficiency in hip arthroplasty

Pedro Pinto (PT)

15h30 Periprosthetic acetabular fractures

Eurico Bandeira (PT)

15h40 Periprosthetic femoral fractures

Sérgio Gonçalves (PT)

15h50 Discussion

## INFECTION

Moderators: Rui Lemos (PT) | Eurico Lisboa (PT)

16h10 Diagnosis of periprosthetic hip joint infection

Ricardo Sousa (PT)

16h20 Management of the early infection

André Sarmento (PT)

16h30 Getting the right systemic and local antibiotics

José Cordero (SP)

16h40 Bone graft as an antibiotic carrier

Gösta Ullmark (SE)

16h50 One stage revision in periprosthetic infection. When and why

José Cordero (SP)

17h00 Two stage and partial two-stage revision

José Cordero (SP)

17h10 Closure

SCIENTIFIC SPONSORS

EUROPEAN HIP SOCIETY

SPOT - Sociedade Portuguesa de Ortopedia e Traumatologia

Secção para o Estudo da Patologia da Anca
