## ABOUT ESA

The ESA Section of ESSKA brings together shoulder surgeons. This European pool of expertise aims to:

- share with like-minded practitioners
- undertake scientific research
- provide training, through practical courses and publications
- make shoulder surgery both better and easier

## WELCOME

Dear Colleagues and Friends,

I am delighted to invite you to take part in “ESSKA Speciality Days”, a brand-new meeting concept that will take place in the enchanting city of Madrid on 8-9 November 2019.

This exciting new format will bring together the four specialist Sections of ESSKA (AFAS – Ankle and Foot Associates, EKA – European Knee Associates, ESA - European Shoulder Associates and ESMA – European Sports Medicine Associates) and will offer a ‘best of both worlds’ scenario: There will be a distinct scientific programme for each of the four Sections offering the best quality specialised science that our Society has to offer with the added bonus that all networking areas will be shared and the Industry exhibition will be zoned according to specialist fields, yet all in the same hall. We believe that these ingredients will create the perfect recipe for both delegates and Industry to experience a highly specialised and top-class scientific meeting yet with the unique opportunity of having access to and interaction with all delegates and companies across the four Sections of ESSKA.

In keeping with the ethos of interaction, we are proud to introduce the new ‘hot topic’ debates that will be held during lunch and coffee breaks, bringing together experts from supporting companies and ESSKA Sections. Fast, fun and educational these debates are sure to create a vibrant buzz for participants and companies alike.

We look forward to welcoming you to Madrid and we count on your support in accompanying ESSKA on our journey towards excellence.

Kind regards,

**David Dejour**  
ESSKA President

## WELCOME FROM ESA

Dear Colleagues and Friends,

It is a great pleasure and honour for us to invite you to attend the ESA programme of the very first ESSKA Speciality Days to be held in Madrid.

It was a challenge to match the high standards set by the Section Meetings held in previous years but we rose to the challenge! We have planned a fantastic ESA programme within this brand new format that gathers the four distinct Scientific Sections of ESSKA in one venue.

The will to “stand out from the crowd” definitely pushed us at ESA towards offering an outstanding scientific programme with a distinguished faculty representing the international leaders in shoulder surgery.

We look forward to hosting you in Madrid and we hope that many innovative and fresh ideas will be spread and friendships will be formed during your stay!

Kind regards,

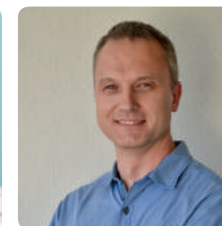

**Giuseppe Milano**
