Diogo Silva Gomes, MD

COURSE PRESENTATION

This course will provide orthopaedic surgeons with the means to update their knowledge of the diagnostic and therapeutic approach to all osteo-articular pathologies in the elbow region, namely acute osteo-articular injuries (fractures, instability or tendon ruptures) but also chronic pathologies and elbow overload.

There will be a special focus on the surgical treatment with the most current techniques in arthroscopy and open surgery, as well as a supervised hands-on cadaver lab module.

LEARNING OBJECTIVES >> *KNOWLEDGE AND SKILLS TO DEVELOP*

- >> Provide orthopedic surgeons with up-to-date theoretical and practical knowledge, in order to improve individual practices and results in the surgical treatment of elbow pathology and the immediate application of this same knowledge in cadaver training.
- >> Develop diagnostic and management skills for clinical problems as well as correct therapeutic guidance.
- >> Develop the practical skills of participants through training on cadavers, in a supervised manner, of arthroscopic techniques and an open approach to this anatomical area.

TARGET AUDIENCE

Orthopaedic surgeons with special interest in developing skills on elbow surgery

ADMISSION CRITERIA >>

CV

ATTENDANCE REQUIREMENTS >>

For attendance certification as well as awarding CME credits and/or ECTS it is mandatory to complete:

- >> 100% attendance
- >> Evaluation

MAX. ATTENDEES >> 18

DURATION >> 13 HOURS

CREDITS >> 1 ECTS

PROGRAMME

2024 / OCTOBER

OCT 11th

2:00 pm – 7:00 pm

Location: AHED – Health Campus 

- >> Elbow tendinopathies
- >> Acute and chronic instability of the elbow - acute and chronic ligament tears
- >> Terrible triad of elbow and intra-articular fractures
- >> Elbow arthropathies and stiffness

OCT 12th

9:00 am – 6:00 pm

Location: NOVA Medical School

HANDS-ON TRAINING

Arthroscopic Surgery

- >> Set-up and positioning
- >> Portals for anterior compartment arthroscopy
- >> Portals for posterior compartment arthroscopy
- >> Plication and ligament repair techniques
- >> Anterior and posterior capsulotomy

Open Surgery

- >> Anterior approach (distal biceps repair)
- >> External approach (radial head arthroplasty)
- >> Internal approach (LLI ligament repair and ulnar nerve management)
- >> Posterior approach (total elbow arthroplasty)

ORTHOPAEDICS

INCLUSIONS AND EXCLUSIONS IN PRICE

The price published for this course includes coffee breaks, lunch meals, teaching fees, space rental, certificate of attendance, and materials used during the course. The price of the course doesn't include hotel accommodation, dinners on course days, nor any other items unless specifically mentioned. Prices of courses published by AHED are exempted of VAT. Other items priced by AHED apart from courses may however include VAT.

APPLICATION, ADMISSION AND REGISTRATION

When applying for a course at AHED - Advanced Health Education, the applicant agrees to subject personal and professional data. This data will be verified and assessed to check that the applicant meets the admission criteria for the specific programme.

Once an application is approved, the participant is admitted and payment of the tuition fee will be required to complete the registration.

COURSE REGISTRATION FEES

The registration stage is considered completed when the total price of the course is received by AHED.

PAYMENT OPTIONS

Payment options for application and registration include credit card (Visa, MasterCard), wire transfer in Euro, and Multibanco.

EARLY BIRD

*Application fees will be discounted from the course price for registrations completed 90 calendar days before the date of the course.

For additional information, please go to in Terms and Conditions at ahed.pt

AHED – Advanced Health Education has received certification from DGERT as an education provider for all training programs for health care professionals. Courses, procedures and practices are in accordance with training quality standards.
